The Women's Fund of La Crosse Community Foundation Receives Donation

**Local Chiropractic Clinic and New Patients help enrich the lives of women
and girls in the community**

La Crosse, WI- Dr. Promise Honeywell of Signature Chiropractic has been collecting donations for the Women's Fund in exchange for chiropractic care. Since Saturday, April 18, each new patient has had the opportunity to donate to the Women's Fund. Honeywell reported that over 30 new patients took advantage of their services in exchange for a donation to the Women's Fund. The donation was presented to Diane Raaum, President of the Women's Fund.

"We greatly appreciate the generous donation from Signature Chiropractic and thank Dr. Honeywell for supporting the Women's Fund with her fundraiser to help women and girls in our community through the Women's Fund," says Raaum.

"This was a great opportunity not only to help the women and girls in our community, but also for those people that need chiropractic care and couldn't necessarily afford it," Honeywell said. "The staff and I enjoy giving something back to our community and we appreciate this opportunity to give our time and talents to our patients in exchange for their monetary donations that will help enrich the lives of women and girls in the La Crosse area! We encourage other businesses in the La Crosse area to take advantage of the chance to help because there is such a need right now."

The Women's Fund of the La Crosse Community Foundation has been enriching the lives of women and girls since 1998. We accomplish our goals by identifying needs and filling gaps in the community, and supporting projects that build self-sufficiency and foster self-esteem in women and girls. Our endowment fund is of singular importance because it provides sustainable revenues for our programs in perpetuity.
